

PEACE DAY

An ongoing project of the Anti-Violence Campaign for Peace

WHAT: The International Health & Epidemiology Research Center (IHERC) will be hosting the 28th Annual PEACE DAY, with the goal of violence prevention and intervention. After being educated about the hazards of real and toy guns, children will turn in their toy guns and violent video game for a certificate and a reward at this event. The collected weapons will then be used by the children, themselves, to create works of art. Those who draw or write something will also receive a peace certificate/ Previously created art will be on display as well.

This event will take place at the Kids' Village, as a part of the 2023 Irvine Global Village Festival; Orange County's Largest Multicultural Festival, which is attended by over 20,000 people. At this festival, more than 100 cultures will share their music, food, and art with visitors from throughout Orange County and beyond.

WHEN: Saturday, October 14, 2023, 10am-6pm

WHERE: Orange County Great Park, 8000 Great Park Blvd, Irvine, CA 92618 (our booth will be located in the Kids' Village)

COST: FREE!
